DESCRIPTION

Beautiful 4.3 acre retreat designed for animal lovers, offering space, comfort, and amenities for family and livestock. The main level features 10 ft ceilings, an owner's suite, 3 additional bedrooms, and 2.5 baths. The well designed kitchen includes upgraded appliances, a large pantry, breakfast nook, and an inviting area with a propane fireplace. An office with views and a laundry room add everyday convenience. Plantation shutters, stained glass accents, wood trim, and ceiling fans bring warmth and character throughout the home. Upstairs offers a game room, additional bedroom, full bath, and a hidden gun storage space. For added peace of mind, the home includes an indoor storm shelter constructed of insulated steel, complete with two fold up beds and an interlocking steel door rated for 170 mph winds. Exterior security cameras can be monitored from both the office and the storm shelter. Built for strength and efficiency, the home features insulated concrete exterior walls designed to withstand winds up to 220 mph. Additional highlights include a brick exterior, solar screens, propane HVAC systems, and two tankless water heaters. The equestrian and livestock facilities are equally impressive. The insulated barn is wired with 220 amp outlets and includes roll up and walk through doors, along with three outdoor horse stalls. Inside, a separate non insulated horse area stores up to 250 hay bales and two 16 foot trailers with drive through access, plus three indoor stalls and automatic horse waterers. The property also includes a goat pen and chicken compound secured by cross fencing with rail pipe and field fencing. An iron picket and chain link fence surrounds the home, creating a yard with a windmill, fire pit, swing set, and grain bin gazebo. The dog kennel features six foot fencing and a doghouse with air conditioning, heat, water, and loft storage.
