DESCRIPTION

A Crestline Masterpiece situated directly on the 1st and 18th holes of River Crest Country Club, this magnificent 1930s European Revival Eclectic estate is a rare piece of Fort Worth history, thoughtfully rebuilt for modern living. Spanning three distinct levels, the home has been meticulously taken down to its original concrete structure and fully reimagined with today's finest systems, offering a seamless blend of period elegance and enduring quality. The reimagined grounds provide unobstructed, panoramic views of the River Crest Golf Course, while two private second-level balconies capture the setting from above. Designed for both everyday living and elevated entertaining, the main level features an open-concept kitchen, expansive gathering spaces, a powder bath, and a stunning loggia with fireplace that extends the living experience outdoors. The entire upper level is devoted to a private primary retreat, complete with dual baths and separate closets, creating a true sanctuary removed from the main living areas. The daylight basement level offers a spacious TV and media room, two guest bedrooms, two full baths, and the home's primary laundry space, providing comfortable accommodations and flexibility for guests or family. Completing the estate is a fully independent guest quarters with its own kitchen, living area, bedroom, and bath. This is an unparalleled offering of history, craftsmanship, and prestige in one of Fort Worth's most coveted settings.
