DESCRIPTION

Spanning 5,731 square feet, this custom luxury home by Lonnie Gray strikes a rare balance between impressive scale and everyday comfort. With four bedrooms, four and a half baths, and a three-car garage, the layout is designed to support both large gatherings and relaxed daily living. Set in the sought-after Shoal Creek community, the home offers access to scenic jogging trails and peaceful neighborhood ponds, while being just minutes from Grandscape and Legacy West for top-tier shopping, dining, and entertainment. From the moment you step inside, the home makes an impact. Soaring ceilings, detailed crown molding, rich hardwood floors, and a wall of windows fill the space with natural light. A private study with custom built-ins provides a quiet workspace, while the formal living room features a chandelier that lowers electronically for easy maintenance. The floor plan is both expansive and functional, anchored by dual staircases and offering formal living and dining areas, a private den, and dedicated media and game rooms. The kitchen is built for those who love to cook and entertain. It includes a Sub-Zero refrigerator, double ovens, a six-burner gas range, dual sinks, and generous prep space. The cathedral ceiling with exposed beams and layered cabinet lighting adds warmth and character. A wet bar and three fireplaces throughout the home further enhance its inviting feel. Outdoors, mature trees and lush landscaping create a sense of privacy. The backyard is designed for entertaining, with a pool and spa featuring a waterfall, an outdoor firepit, built-in BBQ, multiple seating areas, and a turf play space. Gas lanterns at the front of the home add a timeless finishing touch. This is a rare opportunity to own a home that delivers presence, comfort, and craftsmanship in every detail.
