DESCRIPTION

This Modern Tudor inspired 4-bedroom, 4,755-SF new construction by Select Custom Homes is located in the highly ranked Mockingbird Elementary attendance zone. Blending timeless architecture with purposeful contemporary design this home reflects the builder's commitment to quality, livability, and enduring craftsmanship. A dramatic 20+ foot entryway makes an immediate impression with its statement floating staircase wrapped in two stories of Andersen 100 windows. Traditional elements such as custom millwork paired with 11-foot ceilings, smooth finish walls, white oak cabinetry, and curated stone surfaces create spaces that feel timeless and elevated. The chef's kitchen features waterfall White Superior quartzite across an expansive island and adjacent bar, Bertazzoni and Sub-Zero appliances, custom cabinetry, and views of the backyard. A hidden walk-in pantry doubles as a prep kitchen with additional counter space, a second sink, and second dishwasher. The living room is anchored by white oak built-ins and a custom quartzite fireplace surround, while a floating quartzite vanity adds sculptural interest to the downstairs powder bath. The home offers a first-floor guest suite with a full en-suite bath and direct patio access--ideal for future pool use--along with a dedicated office with coffered ceilings and built-in storage and a large mudroom. Upstairs, the vaulted primary suite serves as a private retreat with beautiful millwork, a marble-clad bath with on-trend checkerboard flooring, and a spacious walk-in closet with direct access to the utility room. Oversized secondary bedrooms each feature en-suite baths, and a vaulted game room with built-in cabinetry and room for workout equipment offers flexible living space. The outdoor living includes a built-in grill and beverage center and functions as an extension of the main living areas. Built for efficiency and longevity with engineered foundation, foam insulation, 2 Trane HVAC systems, and 2 tankless water heaters.
