Judge Fite Company

3875 DUNHAVEN ROAD

DALLAS, TX 75220

\$2,150,000

4,550 sqft

5 beds

6 baths

DESCRIPTION

Built by BuildTX and designed by CH Design Studio, this contemporary modern 5-bedroom, 5.1-bath residence spans over 4,550 square feet of thoughtfully designed living space. The entryway welcomes you with stunning white oak herringbone flooring, setting the tone for the architectural details found throughout the home, including stone carried in from the exterior to frame the living room fireplace and a dramatic accent wall just off the entry. The main level also features a dedicated study, ideal for working from home. A formal dining room with elegant coffered ceilings is perfect for entertaining, while the butler's pantry leads into a chef's kitchen equipped with Monogram appliances and quartzite countertops. The living room flows seamlessly to the backyard through Pella sliding doors and includes a wine cellar with storage and refrigerator, perfect for showcasing your collection. The spacious laundry room offers a full-size washer and dryer area along with a dedicated folding counter. The primary bathroom is the true focal point of the home, featuring dual vanities, beautiful marble countertops, and elegant tilework that extends into the shower and soaking tub, creating a spa-like retreat. Upstairs, four additional bedrooms complete the layout, including two connected by a Jack-and-Jill bath. One bedroom features an attached patio, offering an indoor-outdoor feel during pleasant weather. The upper level is completed by a light-filled game room overlooking the front of the home and additional flex space ideal for a second office or workout room.
