DESCRIPTION

The Gold Crest Condominiums, designed by renowned architect George Dahl in the 1960's, are one of the true treasures of luxury living along Turtle Creek. Apartment 404 presents an extremely unique and iconic opportunity at the Gold Crest. Significantly larger than most in the building -- or in other comparable buildings -- this home has been expanded to include 403, 404 and 405 providing over 5,100 interior square feet and 1,400 square feet of wraparound terraces, with floor-to-ceiling windows offering spectacular Turtle Creek and Downtown views. The time has come for the next owner to embrace the authentic mid-century modern style carried throughout this timeless retreat or reimagine and reportion the generous spaces to embrace a new chapter. With the Gold Crest's distinctive, long-standing appeal, it's rare to find a condominium this special. Additional attributes include four assigned parking spaces (#18, #79, #80, and #96) and a spacious storage unit (#11). Located just minutes from Highland Park Village, Knox Henderson, the Katy Trail, and the Dallas Arts District, the Gold Crest offers an enduring and elegant lifestyle with all the modern amenities of 24-hour concierge and security, updated fitness facilities, resort-style swimming pool, and guest suite accommodations. Homes in the Gold Crest are rarely available, for good reason. Don't miss this chance to customize your dream home in the Gold Crest on Turtle Creek!
