DESCRIPTION

Rare high-exposure investment opportunity in the direct path of growth in Anna, TX. Positioned just off Highway 5 at the heavily traveled intersection of County Road 422, this property delivers maximum visibility, constant traffic flow, and unmatched future potential. Opportunities like this along HW 5 are becoming increasingly scarce as Anna continues its rapid expansion. This site is ideal for investors, developers, or owner-users seeking a strategic location for commercial, mixed-use, or income-producing use (buyer to verify zoning and permitted uses) Currently zoned residential. With thousands of vehicles passing daily, this property offers built-in marketing exposure—your business, development, or investment will not go unnoticed. The property currently includes two homes and a 1,200 sq ft shop, providing immediate cash flow through rental income or a turnkey setup for office, retail, or service-based business operations. The shop offers ample space for storage, equipment, or operational needs, adding even more flexibility and value. Surrounded by ongoing development and growth along the Highway 5 corridor, this property represents a strong hold, reposition, or redevelopment opportunity in one of North Texas' fastest-growing markets. Buy now, capitalize on appreciation later—or generate income immediately while planning your next move. Square footage, number of bedrooms and bathroom includes both homes. One home is 1792 sq ft and the other is 1568 sq feet according to tax records. Both properties are on a current month to month lease. Information deemed reliable but not guaranteed. Buyer to verify all information, zoning, traffic counts, and intended use.
