DESCRIPTION

Myrtles and Magnolias on Myerwood!! This north-facing home, in the coveted Glen Meadows neighborhood in North Dallas, delights with its joyful and vibrant interior. Its honey-stained red oak floors and natural light throughout bring harmony to a versatile floor plan that can be tailored to its owners' needs. At the heart of the home is a vaulted living area that features ceiling beams, a gas stone fireplace, and a statement chandelier. A second living area has a wall of custom cabinets with space for gaming and audio visual along with deep drawers ideal for storing toys. The third living area looks out to the front garden, and could become a study, a reception room, or an extension of the dining room for entertaining. The touches of designer wallpaper and splashes of color paint help set this interior apart. Outside, two stately magnolia trees anchor the front yard, where a wide stone walk leads to the front door. In the backyard, mature crepe myrtles brighten with pinks in the summer and evergreen holly trees along the alley fence provide extra privacy. The covered patio looks onto the pool and lawn, where there's plenty of room to play fetch with the dog. The home is ideally located a few minutes' drive from many of the city's best private and public schools, LBJ Freeway, the Dallas North Tollway, shopping, and restaurants. The house is move-in ready, and while the cast-iron plumbing, electrical panel, and pool function as intended, they would all benefit from attention and updating. The property has been priced to reflect these needs, offering a rare opportunity, on an "as is" basis, to secure a home with remarkable character, solid bones, and a versatile layout on a lot that's more than a third of an acre. It's a value that leaves plenty of room to make this house exactly what you want at a time of your choosing.
